CADP(The Course for Academic Development of Psychiatrists) is the biggest annual event organized by JYPO.

The aim of CADP is to develop academic and leadership skills and international relations among young psychiatrists. This course was founded by Prof. Norman Sartorius and was introduced in Japan in 2002 by Mitsumoto Sato. Since 2008, some participants from various countries have attended this course.

Each participant is assigned a role such as presenter, chairperson, or reporter. Prof. Norman Sartorius attends the course, which is held in Japan each year, and provides direct guidance to all the participants.

## Application Requirements

- ◆ You need to be within 12 years of experience in the mental health field
- ◆ You need to attend the entire program of the course
- ◆ You have to come to conference venue; online participation via the web is not available.
